<u>Unit</u>	<u>Subordination</u>	<u>Location</u>
U/1 Border Guard Base	unk	Goradiz, about 400 m from the railroad station
<u>. Army Units</u>		
U/1 Engr (?) unit	unk	Mendzhevan and Kotohovka
U/1 VNOS	unk	Kotohovka (See page 9)

Remarks

many off-icers, EM, and warehouses contained food products. many warehouses whose doors were sealed and presumed that these contained weapons.

total number of troops at 1,000. A small contingent of about 500 men, with a captain in charge, were camped in one large tent near the 3d Border Guard Zastava near Kotohovka (see page 11) where they repaired and laid railroad tracks. These troops wore black shoulder boards with no branch insignia; they had no weapons.

the unit had some unknown types of artillery (see page 8).

Personal observation. The unit consisted of about ten EM and was apparently under the command of a sergeant.

The EM wore army uniforms with black shoulder boards and blue piping. They were armed with SMGs and carbines and had no other weapons. In the building where the men were quartered, radio with speaker and wall charts depicting US airplanes.

Caserne Locations

see page 6, sketch of Hq, 42d Border Guard Otryad. Page 8 contains sketch of the caserne area of the 1st Komendatura, 42d Border Guard Otryad; while page 11 has a sketch of the area of the 3d Border Guard Zastava of the 1st Komendatura.

25X1

Legend to sketch on page 1D

The area around the 3d Border Guard Zastava was generally hilly (mounds).

1. A stone wall, built of rubble, about  $1\frac{1}{2}$  m high.
- 2a. Gate.
2. Caserne, a large one-story stone building containing the headquarters of the 3rd Border Guard Zastava, messhall, lecture room (leninskaya komnata), billets for zastava troops, first sergeant's office, weapons, ammunition storage room, and storage room for individual weapons of troops. The CO and his family lived in section 2a on sketch.
- 2aa. Zastava CO's residence, approximately 30 x 20 m.
3. A large stable built of stone which housed eight horses. The building was approximately 40 x 15 m.
4. A food storage shed, a wooden building approximately 15 x 10 m.
5. A radio station, a wooden building approximately 8 x 5 m, which was used only when telephone communications were out of order.
6. A small wooden building, 8 x 5 m, which served as a washroom.
7. A room, for drying clothes; this room was 8 x 5 m.
8. An iron watchtower, 16 m high, which was guarded in the daytime.
9. Officers' billets, a one-story three-room, stone building located about 50 m from the zastava compound.
10. Bathhouse, a one-story stone building.
1. Observation Points. Two small round stone huts each of which contained two small rooms and three windows. An individual could not stand up in these rooms, but had to sit down. One of these huts was located on a hill on the left, or east, flank of the zastava about 4.7 kilometers from the zastava compound; the second was located on a hill on the right flank about 3.3 km from the zastava compound.
2. Ketchovka, a small village of three houses, which was located about 150 m from the zastava compound.
3. A wooden kennel which housed five dogs.
4. A plowed strip (KSP - Kontrolno-sledovaya polosa) of land about eight meters wide.
5. A point where the KSP was also supplemented, over a distance of approximately 70 m, with about 15 R-2 devices which were flares set off by a trip wire.
6. A point where the KSP was interrupted by a path or trail. Local inhabitants could take their cattle to a watering place on the Araks River through this path. Every evening, a border guard detail swept away the tracks left by the cattle.
7. An observation post (?), a medium-sized one-story wooden building with ten VNOS (aircraft observation) EM.
8. Site of a new railroad station which was to be named "Bartaz" the name of the largest village, about eight kilometers away, in this area.

SECRET

SECRET  
- 10 -

25X1

19. A dirt road which led to the nearby villages of Bartaz, Mendzhevan, and Korkuli.
20. Korkuli, a small village of three to four houses located about  $1\frac{1}{2}$  km from the compound.
21. Dollokli, a village one kilometer from the observation point and five kilometers from the compound. This village consisted of about 15 houses.
